CITY OF FORT WAYNE

Option II is to place a new 200 pair 24 gauge cable in the underground conduit system from the City-County Building to the Police Academy on Lafayette Street. In this installation all the cable as well as the splice closures would be filled with a compound to prevent water from entering and causing future cable trouble. The old cables would be removed and the existing jumpers would be rerun to the new cable. This method would guarantee that the existing problems with the old air core cables would be eliminated, and provide additional facilities.

5500'	Filled ASP 200-24
4	100 Pair Protected Terminals
400	7X Gas Modules
	Engineering and Installation Included

TOTAL PURCHASE PRICE \$41,395.48
